

## Biographies

### An intimate look at the lives of The Limes

**Andy** is the kind of guy who never gets mad...ever. His two great loves are plaid shirts and music.

**Ian** was told to summarize himself in a sentence.

**Seth** has been playing the keyboard since fifth grade, he's a junior now and going strong. He always thinks things through and says that if he had to describe himself in one word it'd be "Ummmm".

**Tim** wears his hat crooked. He plays the keyboard, vibes and is a mean percussionist on occasion.

**Cody** joined our band in the second half of the school year. But that hasn't stopped him from adding a whole year's worth of fun! His favorite pastimes are cosmic bowling and eating falafels.

**Galan** is a junior who plays the trumpet. He loves to play "Taps" and "Reveille". He is the scout mastah (he wishes) of Troop 888.

**Orion** is like the constellation; beautiful and glowing, but he can't always be seen. Orion loves big white dogs, garlic, and pasta with pesto. He is learning to play the Bagpipes.

**Hannah** is a free falling, peace loving, veggie headed, sublime crazed, flowing skirt wearing, spirit finding, music loving, dazed and confused, hippy offspring, rock n' rollin', life loving, stairway to heaven kind of girl.

Annie plays the jazz flute like nobody's business. Her greatest joys in life are her perfect attendance record, meat loaf, practicing her flute and Pugs.

**Lillian** has been playing the clarinet since fifth grade and is currently a freshman. She really likes to wear American Eagle clothing, eat Ben and Jerry's Chocolate Chip Cookie Dough ice cream, sing along with Hannah...out of key, dance in the rain, be in control and laugh uncontrollably.

**Deborah's** last name is pretty much the bomb. She's a freshman and she's been playing the clarinet for 3 years. She enjoys eating cookie dough ice cream, making movies, and being picky about what information is put in her personal bio.

**Shiel's** mom loves her sister more. So Shiel has to beat on her sister to get her mom's attention.

**Casey** has three great fears in life: sharks, cats with hands, and writing personal bios. However, he has finally confronted his fear of sharks. The Limes borrowed him from Twinfield.

**Brian** is the band director and takes rockin' solos. He's won many musical and teaching awards, drives large vans like a pro, and has a last name that's impossible to spell Boyes (we think).

**Ian** has been in The Limes since it started but he still hasn't memorized lyrics to any of the songs...all he knows is that Hannah wants to thank someone for a sunshine bouquet in Sunny and she doesn't have time for something in Low Down.
